Annual Catalog
of
FINE
GLADIOLUS

VENNARD NURSERY

BOX 394

SIOUX CITY, IOWA

THE ALL AMERICA GLADIOLUS

On the front cover and back cover pages of this catalog are shown in their natural colors, the first two fine glads elected as ALL AMERICA SELECTIONS, by a group of thirty growers. These thirty men live in all sections of this country and Canada. These Glads have been tested throughout the entire country, and have made very fine records as first class growers in every respect. Vennard's Nursery is one of the Growers.

They are covered by certain Government patents, which control their propagation and sale. Such patents are owned and held by the thirty Directors; known as Selected Glads, Inc., Box 26, New Albany, Indiana. These New Glads have been increased to very large stocks; and are to be sold by Cataloguers throughout the country at a very reasonable price. The price of large bulbs is \$1 per bulb, three for \$2.50, six for \$4.75; which is much less than the average hybridizer asks for his new introductions. We believe that every Flower lover throughout the country will be very anxious to have some of these glads, not only for their own enjoyment as flowers in the home, but for entering in the Glad Shows. A basket of Royal Stewart shown in the Sioux City Show, created a great sensation. It was shown as seedling No.85-A. Both these Gladiolus will grow very strong fine spikes that will open ten to twelve blooms; and will average nineteen to twenty-two buds per spike.

ALL AMERICA ROSE SELECTIONS have taken the lead in rose growing throughout this country; and have become immensely popular. They command a much higher price than other roses. We hope to keep the price of ALL AMERICA GLADIOLUS within the reach of every garden lover.

APPLEBLOSSOM (R)

Plant Patent No.: Patent Applied For
Year of Introduction: 1956
Co - Originators: Ralph Baerman, Carl Fischer
Parentage: Beautys Blush x Rose Charm
Blooming Date: Early midseason
North American Gladiolus Council Show
Classification: 460

Description: A gladiolus of the utmost delicacy of coloring, the predominating hue being snowy white with a faint touch of cream in the throat and an exquisite flush or corona of cool rose pink at the edges of the petals. Up to eight or ten trimly tailored florets, about five inches in diameter and of very heavy substance, are open at a time on spikes up to five feet tall. A vigorous, easy grower that performs excellently with only average culture. Appleblossom will give you a new conception of gladiolus beauty when it blooms in your garden. Blooms 70-75 days.

Retail Price (both varieties): Large bulbs only—No. 1 size to the extent possible—will be sold. \$1.00 each, 3 for \$2.50,

6 for \$4.75 (3 Appleblossom and 3 Royal Stewart or 6 of either).

The right to reproduce the All-America varieties for resale purposes or to sell cut-flowers is reserved.

ROYAL STEWART (R)

Plant Patent No.: 1339
Year of Introduction: 1956
Originator: Ralph Pommert
Parentage: Red Charm x Unnamed seedling
Blooming Date: Early midseason
North American Gladiolus Council Show
Classification: 450

Description: A truly remarkable new gladiolus variety that has been widely acclaimed for its consistently fine performances under an extensive test program throughout the United States and Canada. The lightly ruffled florets are five inches in diameter and are of good substance. They are a clear light red and the long flowerheads frequently carry up to twelve flowers open at one time. Growth is vigorous and healthy, with the total height of the plants running about five feet. On the occasions when it has been exhibited at gladiolus shows, Royal Stewart has proved to be an outstanding winner of top awards.

THE DRY SEASON

We have just experienced one of the worst growing seasons for twenty years; and only those Glads which received some water, or were planted very early made any satisfactory growth. It was exceedingly hot during the blooming season, with temperatures of 95 degrees or hotter for about nine weeks continuously. Several days the thermometer recorded 107 degrees. We did manage to get some water to a large part of our fields and have harvested a very nice crop of bulbs.

It was almost impossible to make satisfactory crosses for seed, as we have usually abandoned crossing the glads whenever the temperatures were above 95 degrees.

A few early season crosses did make up some fair seed pods, so it was not a complete failure. However we will not be listing any seeds for sale this season.

We did manage to grow a little over 19,000 small bulbs from seed this season, and hope to have our usual excitement when these come into bloom in 1956. We made over 360 selections during the last season, some of them very interesting Miniatures, and small glads. We had one first early, that bloomed on June 25th, and we are convinced that it would be a fine commercial, if we can keep it going O.K. This is the first time we have ever had a gladiolus bloom in June for us—in open field growing.

SEEDLING MEMORIES

During the last blooming season Mrs. V. walked thru the seedling rows with me, every morning, and most of the time it was her judgment that settled the question of "KEEPERS OR DISCARDS." We had about 22,000 small bulbs to get planted last Spring, and they performed in excellent fashion, in spite of a very dry hot season. Of course the SKINNER sprinkler system helped them into bloom. It seemed that we enjoyed our greatest thrills, as we found one fine seedling after another. 365 were selected for further test; and we did make up our minds that SUGAR ELL must some day reach the Glad Fans of our fair land. We have almost two thousand bulbs, assorted sizes, and 3½ quarts of bulblets. No other person has a bulb or bulblet of it yet. We are giving consideration to patenting the seedling. It is a rich firey salmon color, with no markings or shading of any kind, just all one color.

We found a Miniature or small seedling one morning, and after keeping it in a cooler for four or five days, it was shown at Spencer's Fine Show, and awarded RESERVE GRAND CHAMP of the entire show. It had 2¼ inch florets, 6-open, but the color was very exciting, a salmon red with a heavy yellow spear, and very ruffled, slightly cupped petals. The little bulb carried 42 bulblets when I dug it.

An exciting little yellow was also found, a rich golden yellow with heavy red spears in each petal. It had Faddist breeding in it's back-ground. We had a 100-size cream with eleven open, several dark reds, one taking the blue ribbon at Lincoln, Nebr. We had a great scarlet seedling appear from Chief Pontiac parentage. Hope it never burns like the Firey Chief does. The great little Statuette had a strong influence in our "small" seedlings, and many fine ones could be traced to her polen, or seed.

We managed about 18,000 new little bulbs for our next season of bloom, but the seed did not get going too well, and most of our best are about No. 5 bulbs, but they seem to bloom well with good culture. Our Seedling Club continues to hold sessions, and we had one excellent "show" at our house, where Dubes & Young brought out their great smokey for a win, and George Summa showed a grand blush seedling that should go far. We had 13 three-spike entries from our own garden. Great fun, and the lemonade was swell. There are still eight or nine of us participating. If we ever have a good growing year, we can stage a fine glad show of our own. I hope to mail a copy of POLLEN PISTIL & POD in about 10 days. Just been taking it easy.

THE SMALL AND MINIATURE GLADS

This season we are privileged to introduce two new small Glads, for Dr. M. W. Cormack, of Lethbridge, Alberta, Canada. Dr. Cormack has been breeding the smalls for about ten years, and has just released two of his originations. They are "PUCK" and "BABY BUTTERFLY". We grew both of these last season, and have found them to be fine performers, and very lovely small varieties.

BABY BUTTERFLY: (White Butterfly X Orange Butterfly). This charming mid-season two-tone color combination, has light yellow lower petals flushing to orange salmon upper petals. Florets gracefully arranged in slender stretchy spikes. Each spike resembles a group of beautiful butterflies. It is an exceptionally fine cutter, and mixes well with yellow, orange and salmon colored varieties. Three inch florets, 6 open and five showing color on a 16-bud spike. Very vigorous and dependable. We grew it in '55, and feel that it is one of the nicest of the small glads. Class 224. Large 75c ea. Med. 50c each. Bulblets 4 for 25c 10 for 50c.

PUCK: (Faddist Seedling X Lucille) This early blotched miniature is a very striking little fellow which attracted much attention in our garden. The color is light pink, with large pointed deep red blotches on the lower petals. It is particularly effective when mixed with pink and red glads. Three inch florets, 5 open with 4 in color on straight 17-bud spikes. Excellent grower and good propagator. Class 241 Large 35c ea. Med. 25c ea. Bulblets 10 for 25c.

BO PEEP: (240) (Butt) A dainty salmon pink small glad that is probably the most useful of all the small glads. Florists can use it freely in arrangements and sprays, or even corsages. Has strong ruffling and heavy substance, so lasts well. We grow thousands for our retail florist shop. **Lg. 10 for \$1.20. Med. 10 for 75c. Sm. 10 for 50c. Bts. 50 for 30c.**

CLAUCARCY: (240) (Maynard) A bright little pink glad that really stretches and makes fine spikes for sprays or bouquets. Excellent blue foliage, and fine health. Sets seed easily. **Lg. 2 for 35c, 10 for \$1.25. Bts. 25 for 25c.**

CRINKLETTE: (224) (Butt) This beautifully formed little orange glad has a nice throat mark and is fine for flower arrangements. Very healthy and strong grower. Excellent seed parent. **Lg. or Med. 10 for \$1.00. Bts. 30 for 25c.**

DAINTINESS: (Butt) (206) One of Leonard Butt's finest small glads, this lovely ruffled cream grows tall and with fine form. Can win in the shows. **Lg. 50c ea. Med. 35c ea. Bts. 10 for 25c.**

DRAGONETTE: (Kaylor) (243) One of the finest small pink glads with a yellow throat mark. Very tall grower. **Lg. 2 for 30c. Med. 3 for 25c. Bts. 15 for 25c.**

DRESDEN: (Butt) (210) Very beautiful heavily ruffled yellow small glad, that reminds us of the lovely Dresden China. **Lg. or Med. 50c ea. Bts. 2 for 25c.**

ELDA (224) Very bright small orange that really belongs in the 100 size class. Very small and fine. **Lg. or Med. 10 for \$1.20. Bts. 20 for 25c.**

FADDIST: (241) A very lovely oldtimer; a very light pink with red mid-ribs, that grows easily and fine. Sets seed well, and begets some fine seedlings. **Med. or Lg. 2 for 25c. Bts. 15 for 25c.**

FIFTH AVENUE: (Hedgecock) (252) Almost a black red, and a fine glistening color and a fine grower. Can open 7 of its' 18 buds. **Lg. 25c ea. Med. 2 for 40c. Bts. 12 for 25c.**

FLASHLIGHT: (Roberts) (237) Flashy little scarlet with a very bright yellow throat. Nothing just like it. Seed parent of our best small seedling. **Lg. or Med. \$1.00 ea. Bts. 3 for 25c.**

FLICKER: (Kuhn) (221) Here is one of our favorite smalls, a bright little orange with yellow throat with red spot in it. Fine grower and very popular. It sets seed easily. **Lg. 2 for 25c. Med. 3 for 25c. Bts. 20 for 25c.**

FROLIC: (Bork) (211) One of the prettiest small glads, yellow with a scarlet blotch; very bright and spectacular. Slow to increase. **Lg. \$1.00 ea. Med. 60c ea.**

GAILY CLAD: (Hardy) (211) This flashy little yellow small glad has a very fine orange-red blotch, covering half the petals. Very bright number, and sets seed profusely. **Lg. 75c ea. Med. 50c ea. Bts. 3 for 25c.**

FARMINGDALE: (Van Voorhis) (268) Here is a dark lavender of nearly purple small glad with a bright yellow throat. Colorful and a good tall grower. **Lg. 50c ea. Med. 35c ea. Sm. 25c ea. Bts. 10 for 40c.**

GOBLIN: (Butt) (242) Clear pink with a yellow throat mark, fine color and well ruffled, 17 buds on Medium spike. **Lg. \$1.00 ea. Med. 60c ea. Bts. 10 for 50c.**

GOLDETTE: (Butt) (212) A deep golden yellow, nicely waved florets, 7-8 open of the 20 buds. Double row, everything fine like the larger glads. **Lg. \$1.50 ea. Med. \$1.00 ea. Bts. 2 for 25c.**

GREMLIN: (Butt) (242) A light rosey red with a yellow band in the throat, and a very unusual face-up. Splendid grower. **Lg.** 30c ea. **Med.** 2 for 35c. **Sm.** 2 for 25c. **Bts.** 20 for 25c.

LADYKILLER: (K&M) (217) This little buff colored glad with the red spots in its' throat, is one of our pets, in spite of its' clumsy name. It makes up very fine in floral arrangements, a favorite with the florists. **Lg.** 10 for \$1.20 **Med.** 10 for 80c. **Bts.** 25 for 25c.

LAVENDER PETUNIA: (Marek) (266) Here is probably the nicest Lavender of the small glad class. Has a bright white throat; and a very lively lavender color. **Lg.** 35c ea. **Med.** 25c ea. **Sm.** 2 for 30c.

LITTLE GOLD: (Fischer) (212) Formerly classed as a deep yellow but now considered to be orange. We contend it is one of the best colored yellows on the market, large or small. A grand color indeed. Beautiful for arrangements. **Lg.** 10 for \$1.25. **Med.** 10 for 80c. **Bts.** 25 for 25c.

LITTLE PAL: (Van Voorhis) (260) One of our favorite rose colored small glads, and a dandy grower. Light rose with a darker rose blotch. A fine glad. **Lg.** 10 for \$1.25. **Med.** 10 for 80c. **Bts.** 25 for 25c.

LITTLE SWEETHEART: (Fischer) (242) One of the most beautiful and most ruffled of the small glads. Really a beauty. **Lg.** 10 for \$1.25 or two for 30c. **Med.** 10 for 85c two for 20c. **Bts.** 20 for 30c.

LUCILLE: (Brown) (207) Very outstanding and attractive cream glad with a red blotch that does well in the shows. A good doer, all around. **Lg.** 35c ea. **Med.** 2 for 35c. **Bts.** 8 for 25c.

LOVELY MARY: (Troyer) (232) A very fine pinkish shade of salmon, with a rich cream colored throat. We had lovely blooms from Bts. this year, a fine healthy little glad and good seed parent. Husky grower. **Lg.** 2 for 35c. **Med.** 2 for 30c. **Bts.** 15 for 25c.

MARIONETTE: (Butt) (213) A very ruffled showy little yellow glad with a heavy red blotch. **Lg.** 25c ea. **Med.** 20c ea. **Bts.** 12 for 25c.

OCEAN SPRAY: (Baerman) (206) Fine small white glad with an amber throat, and a very good performer. **Lg.** 10 for \$1.20. **Med.** 10 for 80c. **Bts.** 25 for 25c.

OLD SOUTH: (Almey) (286) An old time smokey by which many small glads are judged; Tall and strong, fine color and health. **Lg.** 10 for \$1.25. **Med.** 10 for \$1.00. **Bts.** 12 for 25c.

PINT SIZE: (Quackenbush) (166) The very smallest lavender we know. Not a face-up either, but can open six or eight in regular form. 18 buds. **Lg.** \$1.00 ea. **Bts.** 4 for 25c.

PIROUETTE: (Butt) (232) Medium deep salmon with a stippled throat; can open six on slender fine spikes. **Lg.** 35c ea. **Med.** 25c ea. **Bts.** 10 for 25c.

ROSY BELLE: (Plum) (264) A solid deep rose with deeper blotches. 17 buds, and a great spiker. Very fine. **Lg.** or **Med.** 10 for \$1.20. **Sm.** 10 for 80c. **Bts.** 25 for 30c.

RUBY: (Kuhn) (252) The most dependable and finest of the small Red glads; and has a very nice deep red color. **Lg.** 10 for \$1.20. **Med.** 10 for 80c. **Bts.** 25 for 30c.

SKALAWAG: (Butt) (242) Medium deep pink with lovely yellow throat. Resembles Twinkles, but is nicer and more round. **Lg.** 50c ea. **Med.** 35c ea. **Bts.** 5 for 25c.

SMILETTE: (Sisson) (262) An odd Old Rose color with deeper rose markings on a yellow throat. A wonderful small that opens five or six on a good spike. We like it very much. **Lg.** 35c ea. **Med.** 2 for 35c. **Bts.** 15 for 25c.

SPOT O'ROSE: (201) This rare number is white with lovely rose blotches; and very beautiful. Bulbs scarce. Opens five. **Lg.** 35c ea. **Med.** 2 for 40c.

SPUNKY: (Fairchild) (280) My friend Rev. Lee Fairchild brought out a fine little glad when he named Spunky. A Plum colored smokey with white edges like Atom. A fine spike will win in a show. **Lg.** 25c. ea. **Med.** 2 for 35c. **Bts.** 15 for 25c.

STARLET: (Baerman) (200) A very popular and reliable small white, beautifully ruffled, and much in demand. Crooks some, but it helps it! **Lg.** 10 for \$1.00 **Med.** 10 for 75c. **Bts.** 25 for 25c.

STATUETTE: (Butt) (211) This bright little yellow with a diffused rose blotch, is probably the most talked about small

glad in the country. Fine ruffling, and can open 7 to 9 florets in perfect form. Wins many Championships. Also fine seed producer. **Lg.** 2 for 30c 10 for \$1.20. **Sm.** 10 for 50c. **Bts.** 15 for 25c.

TINY RED: (Van Voorhis) (153) This bright little red is marked with a bright yellow dart on a broad yellow and red throat plume. Stretches well and grows healthy. **Lg.** 75c. **Med.** 50c. **Bts.** 10 for 50c.

TONY BOY: (Kunderd) (263) This is a very small rose red with a white throat, in fact throat petals are barely edged red. Pointed petals and tall growing habit adds to its charm. An excellent new one. **Lg.** 50c. ea. **Med.** 35c ea. **Sm.** 2 for 50c. **Bts.** 10 for 25c.

TOYTOWN: (Butt) (252) A lovely light red or deep salmon scarlet with lighter throat. 8 open and perfectly placed, so can win easily. Nicely ruffled. **Lg.** \$1.50. **Med.** \$1.00. **Sm.** 50c ea. **Bts.** 10 for \$1.00.

TWEEDLEDUM: (Van Voorhis) (265) This tiny glad has been around for 17

years, but still rings the bell for arrangement purposes. A dark rose color with yellow throat mark that "speaks out". **Lg.** 10 for \$1.20. **Med.** 10 for 80c. **Bts.** 20 for 25c.

TWINKLES: (Butt) (232) This is still one of our fine small glads with its deep salmon color and yellow center. Also fine for seed. **Lg.** 25c ea. **Med.** 2 for 35c. **Bts.** 15 for 35c.

YELLOW BIRD: (Kuhn) (210) One of the best Miniature glads, a deep yellow that opens ten, and wonderful for basket work. A few spikes of Yellow bird in a bouquet surely brightens it. **Lg.** 10 for \$1.20. **Med.** 10 for 80c. **Bts.** 20 for 25c.

WHITE LACE: (200) (Fischer) This very lovely little white Glad is sometimes a little short in stature, but never short in beauty. Seems to do very well in our soil. **Lg.** 2 for 30c, 10 for \$1.20. **Med.** 10 for 80c. **Sm.** 10 for 50c. **Bts.** 20 for 25c.

NOWETA ROSE: (Fischer) (568) A clear Lavender rose, that has made a great name as a winner of shows; can open 7 to 10 on very tall spikes. **Lg. 10 for \$1.50. Med. 10 for \$1.00.**

PRINCESS: (Larus) (466) One of the best new rosey lavenders; rather deep coloring with darker spear. An excellent glad that can open 9-10 blooms. **Lg. 50c ea., 10 for \$4.00 Med. 10 for \$3.00 Bts. 10 for 50c.**

PROSPECTOR: (Leffingwell) (410) this is no doubt the most beautiful yellow in existence. Has rich Golden throat. A grand color combination. **Lg. 50c ea., 10 for \$4.00. Med. 35c ea., 10 for \$3.00. Bts. 10 for 50c.**

PURPLE BURMA: (Fischer-Pruitt) (570) This fine "sport" of Burma with a fine purple color was introduced by Mr. Fischer last season; and he stated that it was one of his best sellers. **Lg. 35c ea., 10 for \$3.00. Med. 10 for \$2.00. Bts. 10 for 35c.**

RED TAPE: (Butt) (536) We have grown this for a couple of years, and have found it to be a very fine red glad. Popular in our bouquet sales. **Lg. 50c ea. Med. 35c ea.**

SPARKLING EYES: (Jack) (401) This is a nice white Glad with a rich purple throat mark. Will be very popular. **Lg. 35c ea., 10 for \$3.00. Med. 10 for \$2.00**

STORMY WEATHER: (Barrett) (480) Shades of Rose, Tan and Gray in a smokey that has a very pleasing color. **Lg. 2 for 35c. Med. 2 for 25c. Sm. 10 for 60c. Bts. 10 for 25c.**

TRAVELER: (Flad) (460) One of the finest blush pink glads we know. Opens 8 to 10 in perfect form, and it has excellent color. If we could have only ten glads in our garden, Traveler would have to be one of them. **Lg. 50c ea. 10 for \$4.00. Med. 35c 10 for \$3.00 Bts. 10 for 50c.**

WILLOW ROSE: (Knight) (362) Not too sure of that Classification. But here is a new Glad that we think is a great number. It will put out 25 or 26 buds on grand tall spikes, and can easily open ten in fine condition. The writer was anxious to have this entered in the ALL AMERICA trials, but my good friend Dr. Knight thought the color might not be bright enough. We still think it is excellent. A real rose color, and a perfect performer. You ought to try one or two. **Lg. \$1.50 ea. Med. \$1.00 ea. Bts. 5 for 50c. Sm. 50c ea.**

WUNSCHELRUTE: (Pfitzer) (311) This bright yellow glad has a fine reddish blotch; and we have used it some for seed parent. Very healthy robust grower **Lg. 25c ea. Med. 20c ea. Bts. 10 for 25c.**

THE HARZ MOUNTAIN CANARY

A fierce Winter storm was raging through the Harz Mountains one Christmas Eve. Each blast was filled with sleet and snow, so heavy that massive trees were split and went crashing down the mountainsides. Only the Fir trees with their gnarled roots, were able to withstand the cruel onslaught of the terrific gale. In each brief lull could be heard the distressing cry of the wind-tossed golden canaries. The great old Fir trees heard it. As the wind blew through their needles, the Fir's call was carried to the birds: "Come into our branches. We will protect you as our family has protected many living things."

The poor little spent canaries, hearing the call, used their last bit of strength to fly into the protecting arms of the Firs to stay until the storm was over "We will make our homes with you and we will forever sing our praises to you as the sacred home of birds all over the earth," they sang.

Now when your canary is singing his sweetest, you know that he is singing about Christmas Eve in the Fir trees that protected the Harz Mountain canaries so many years ago.
